

What does your camp do when a crisis occurs? Be Prepared with Camp Response!

Software Overview

Camp Response is a software program designed by camp professionals to help you to manage your emergency response and camp documentation needs.

Features

Emergency Contacts

Camp Response allows you to store up to 20 emergency contact numbers that you may need to retrieve in emergency or non-emergency situation. Contact names and numbers are easily customized and updated.

Camp Information

When an emergency situation occurs, we can often overlook the most simplest of details. This is why Camp Response stores all your camp information in one convenient location. Important camp details like phone numbers, addresses and directions for emergency personnel are just a click away from someone that may be on the phone with emergency personnel.

Camp Notes Feature

The Camp Notes Feature allows you to quickly document anything that happens at school that you may need to refer to in the future. At the click of a button you can enter and save a note in Camp Response. Notes are saved by category and date allowing for easy reference and printing at anytime.

Record an Incident Wizard

This wizard has been set-up to make incident reporting thorough, yet fast and easy. In about 5 minutes you will have a complete incident report on file. Don't have time to finish the wizard? No problem, Camp Response will remind you to complete the wizard at a later date.

Investigate an Incident Wizard

Understanding why an incident has occurred at your school is the first set towards preventing further incidents. In about 5 minutes, the Investigation wizard will allow you to conduct a formal investigate of any incident.

On Demand Incident Analysis and Reporting

Camp Response can produce reports based on the data you have entered in the Incident and Investigation Wizards. These report will help you to understand any trends and patterns. Many of the report are comprise of visual components such as colour charts and graphs, making them excellent additions to staff meetings and year end reports.

Reminders

Camp Response has a mind of it's own! You will be reminded of Incomplete Incident Reports, as well as Incidents that need to be investigated. You can also have Camp Response remind you about Camp Notes that need to be reviewed and followed up from anyway from 1 minute to 1 hour to even 1 year.

Security

Depending on your camp situation, the data stored in Camp Response may be classified. The software allows an administrator to set the level of security you require to protect your data.

In this day and age...this is an investment you will not regret.
